

# Cargo Weekend 2019

**23-24 February**  
**Hua Hin, Thailand**

**Live the Experience. Love Logistics**

# Richards Message

---

As many of you may be aware – X2 Logistics Networks Conferences have become recognised as being at the leading edge in creating and managing alternative logistics networking events that bring together the two key elements for success...”Professionalism and Fun”. Mixing these two important elements have allowed for freight forwarders around the world to develop strong lasting friendships and long term business partnerships. The environment we have consistently created has seen a community grow and develop their own identity and culture not seen in other most traditional networking settings.

Cargo Weekend is inspired by what is the culmination of a decade of logistics networking. Logistics industry events have become stale and a word commonly associated with them is “boring.” We aim to change that and using what we have learned from personal experience paired with a desire to be different. To offer the industry something one of a kind, the Cargo Weekend was created. If you identify with Live the Experience. Love Logistics... Then the Cargo Weekend is for you.

Cargo Weekend was born out of our obsession to create something different and forged by the desire to allow people within the industry to have time to be themselves and do business within a fun and professional setting. We take the path others dare to take. Always innovating, always evolving we take the boring out of networking and make it work by enhancing the ability to build friendships that develop into business partnerships.

Since 2012 we have been focused on developing year on year and we have created events that have equipped freight and logistics providers to find their own path within a professional framework. Whilst maintaining traditional meetings and enhancing the experience of everyone who makes that step to attend.

On the weekend of 23 – 24 February 2019, prepare to experience a weekend like never before! With over 500 people from all over the world, including forwarders, vendors, shipping lines, carriers etc. All coming together for a weekend packed with Meetings, Talk/Workshops, Entertainment, Lighting and Sound yet to be experienced in this industry.

**Live the Experience. Love Logistics**

# Cargo Weekend 2019

## Live the Experience. Love Logistics

A networking event like nothing seen before. An educational playground for logistics professionals to remove the suit and tie and go on a journey of discovery with other like minded industry leaders. Cargo Weekend is a feast for the senses, showcasing top brands, workshops, interactive experiences, music, art, and lifestyle. Under the umbrella of the organising X2 Group, Cargo Weekenders are promised something that they have never experienced, taking them out of their comfort zones, with a clear directive of enabling them in business in a totally new way.

### TALKS

Participate in talks covering a range of industry topics as well as personal and professional development. Striving to be a better person goes hand in hand with being a better professional.

### LEISURE

Between attending Talks and Meetings enjoy food and beverages for a variety of tastes and take in the atmosphere and music for an entertaining yet business oriented weekend.

### MEETINGS

Participate in meetings with fellow logistics industry professionals. You will be able to meet individuals from leading global companies who are logistics industry suppliers and also potential customers.
